Overview of PoA	
e. Other	Describe

Emission Reductions	
Greenhouse Gases (“GHG”) targeted for emission reductions	CO ₂ / CH ₄ / N ₂ O / HFCs / PFCs / SF ₆
Estimation of annual baseline GHG emissions for the specific CPA as tons of CO₂ equivalent as average over crediting period	
Estimation of annual project related GHG emissions for the specific CPA as tons of CO₂ equivalent as average over crediting period	
Estimated annual abatement of GHG emissions for the specific CPA in tons of CO₂ equivalent as average of the crediting period.	
Specific CPA Start Date (expected dates of construction and operation)	
Specific CPA End Date (expected date of ending operation)	

Emission Reductions	
Specific CPA crediting period	
Rough estimate of abatement of GHG emissions for the entire PoA in tons of CO₂ equivalent throughout the PoA duration.	

Baseline and Monitoring Methodologies Analysis for the PoA	
What are the uncertainties associated with the estimated emission reductions?	
What are the key variables potentially affecting future credibility of the baseline?	
Have you developed a data processing system for monitoring? Please describe.	
Please provide the name, contact details and employment information for the person you have identified to be responsible for data gathering / monitoring.	

Baseline and Monitoring Methodologies Analysis for the PoA	
Who will provide the monitoring equipment, and why was this provider chosen?	
Will there be a training of staff on how to use the monitoring equipment? Please provide details.	
Please describe the record keeping system used by the CME.	
Please describe the sampling approach used for verification.	

Additionality Analysis for the specific CPA	
When was the CDM initially considered for the CPA? Please specify important decisions that had been undertaken.	
Has the planned CPA already been announced to the general population (e.g., press statements)? If yes, please send us a copy of all announcements.	
When was the CPA considered for the first time?	

Additionality Analysis for the specific CPA	
When was / will be the point of time for the (final) investment decision?	
What are the perceived risks and challenges related to the PoA and/or CPA?	
Have you received any comments from third parties on the planned PoA and/or CPA (e.g., locals, NGOs). If so, please send a copy of all comments received.	
Please submit a list of similar CDM projects and/or PoAs in the Kingdom (if any).
